Dear Corporate, Industry, and Business Partners,

On behalf of the membership of the National Guard Association of Louisiana (NGALA), we are proud to invite all our corporate, industry, and business partners to collaborate with us as we prepare to assemble for the 93rd Annual NGALA Conference and Exhibition to be held from 19-21 April 2024 at the Raising Cane's River Center, 275 S River Road, Baton Rouge, LA 70802. Our conference highlights our cooperation with our corporate, industry and business partners and fosters support for products and services that enhance the readiness of over 10,000 members of the Army and Air National Guard in Louisiana.

As always, we value your sponsorship. Sponsorship includes registration, exhibit space, attendance at our Friday Night Social and our Saturday Night Formal Banquet, logo placement on our website, and participation in our golf tournament. We also provide you with multiple opportunities to interact with our members and showcase your products and services. We host a cocktail party which gives our sponsors the opportunity to meet and mingle with our leadership teams before our banquet. If you prefer, you may purchase exhibit space, or partner as an Individual or Group Guest and visit with our members during conference breaks or the golf tournament.

NGALA is non-profit organization made up of active and retired Army and Air National Guard leaders, formed for the purpose of promoting the welfare of National Guard personnel; promoting and supporting national security; fostering and improving the National Guard of Louisiana and the National Guard of the United States as a component of the Armed forces of the United States. We are an organization of military people dedicated to a strong national defense. In today's environment, the role of both the Army and Air National Guard has never been more important. The National Guard offers the most cost-effective alternative for the defense dollar. With this added responsibility comes the need for more resources from the Congress and Department of Defense.

NGALA works diligently with the defense industry, the National Guard Association of the United States, the Enlisted Association of the National Guard of the United States, and members of the Congress to maintain a modern equipped force. NGALA offers you its' assurance that we strongly encourage the equipment modernization of the National Guard.

Respectfully,

LTC William W. Saint
Chairman, National Guard Association of Louisiana
